

ANGIE MÜLLER-PUCH

PARTNER, BEHNISCH ARCHITEKTEN, WEIMAR

Angie Müller-Puch, born in 1984 in Bad Neuenahr-Ahrweiler, Germany, studied architecture at the École Polytechnique Fédérale de Lausanne (EPFL) and the RWTH Aachen University where she received her diploma in 2009. She worked for various German practices, including kadawittfeldarchitektur in Aachen, and Bez+Kock Architekten, Stuttgart, before coming to Behnisch Architekten in 2015. She has gained extensive experience in competition design and has worked on a number of award winning projects at both a national and international level. In addition to her professional role as architect, she has also served, since 2012, as a lecturer at several universities. Since 2021 she is a member of the Strategy group Climate | Energy | Sustainability of the Chamber of Architects Baden-Wuerttemberg. Angie founded the Weimar office in 2022 and is a partner there.
