

ANGIE MÜLLER

OFFICE DIRECTOR, BEHNISCH ARCHITEKTEN STUTT GART

Angie Müller, born in 1984, studied architecture at the École Polytechnique Fédérale de Lausanne (EPFL), Switzerland and the RWTH Aachen University, Germany, where she received her diploma in 2009. She is a project manager at Behnisch Architekten and has over 9 years of professional experience. She has worked for various German practices, including kadawittfeldarchitektur in Aachen, where she served as Senior Architect and Design Coordinator for a number of high profile projects and competitions. She has gained extensive experience in competition design and has worked on a number of award winning projects at both a national and international level, including Lycée Franco-Allemand (German French School), Paris, France, Further Development of the School Area Bernhausen, Germany and Schwaketenbad, Constance, Germany. In addition to her professional role as architect, she has also served, since 2012, as a lecturer at the RWTH Aachen University and the University of Stuttgart.
