Boston, US

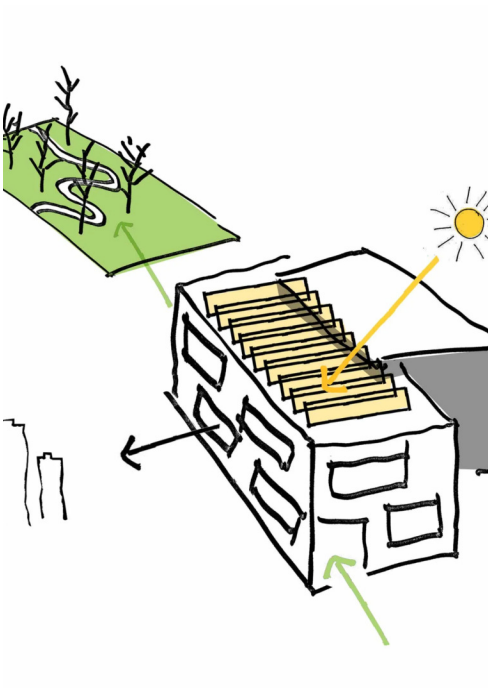

2014–2018

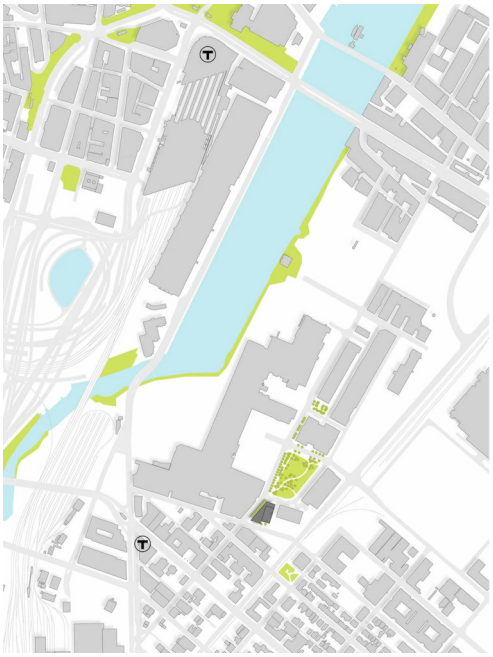

Artists for Humanity (AFH) is a non-profit organization that bridges economic, racial, and social divisions by providing under-resourced youth with the keys to self-sufficiency through paid employment in art and design. Blending into its industrial surroundings, the new multi-story addition to AFH's existing EpiCenter facility accommodates more youth artists, along with expanded galleries, event spaces, and new studios.
