

- **PISTORIUS SCHOOL**
HERBRECHTINGEN
Herbrechtingen, DE

2001–2004

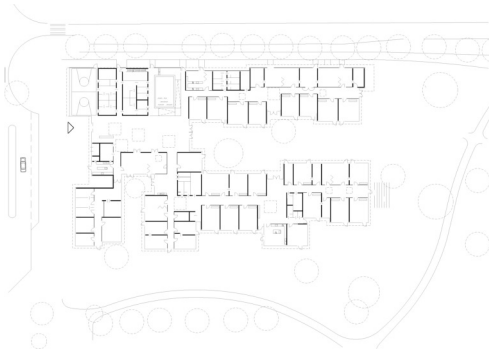

Set within a natural parkland of the Swabian Jura, the new single-story school in Herbrechtingen provides educational facilities for approximately 100 children with mental or physical disabilities. Groups of classrooms are clustered in pavilion-like buildings around a central courtyard, which offers a sheltered outdoor environment for open-air classes.
