

• STUDENT HOUSING REGENSBURG
Regensburg, DE

2017–2019

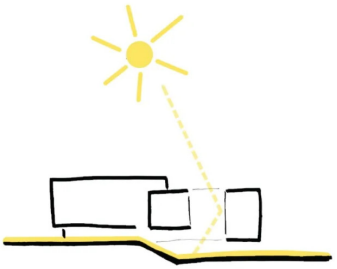

The area containing Regensburg's former Nibelungen Barracks with its protected historic buildings is notable for its extensive green spaces and beautiful old-growth trees. For this site, which is near the city center and in close proximity to the university of applied sciences (OTH), the university, and the university hospital, Behnisch Architekturbuero has constructed a residential complex designed for 204 students and intended to harmonize with the natural surroundings.
