

• TOWN HALL GROSSKAROLINENFELD
Grosskarolinenfeld, DE

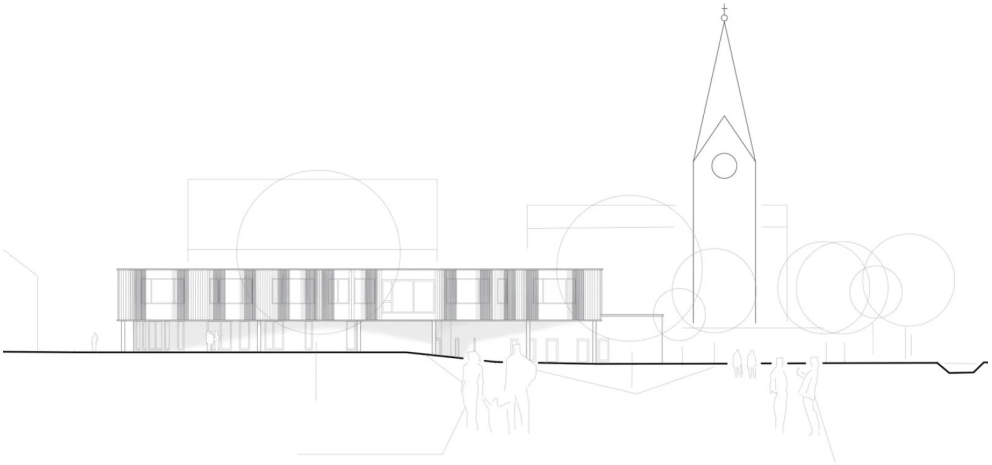

2017–2020

The new Town Hall in Großkarolinenfeld adds a modern and assured touch to the small Bavarian town, creating a vital focal point in its center. What sets this structure apart is its integration into a newly designed network of green areas, public squares, and pathways that resolve the town's historical lack of a clearly defined center. The project confidently links the new town hall square with the familiar old town hall and the natural landscape of the nearby Erlbach stream.
